Experience

Qt/C++ Trainee

15 Dec 2018

Pthinks, *Bangalore*

- Wrote and maintain Qt/C++ based custom translation application which bypass validator of Qt translation file. With auto export to RCC resource file support and auto translation from yendex api support.
- Added existing application dynamic setting feature which works on xml. XML reflect setting ui and ui reflect xml.
- Implemented libcurl support to company's existing application on Windows.
- Created collection of Sensor Demo in Qt/C++ for pthinks.

EXTRA CURRICULAR

- Represented my College in **PyCon India 2017**, New Delhi.
- Volunteered in **WordCamp Delhi** Wordpress Conference 2017.
- Represented my College in **WordCamp Udaipur** Wordpress Conference 2018.
